

Dear Educators,

Make your reservation now for Hunt Club Farm's Animal Adventure Field Trip. We are booking for our spring season field trip on weekdays from *April 1st through June 5th, 2020*.

Our Animal Adventure Field Trip is specially designed to provide hands-on real-life learning experiences that reinforce the lessons that you are teaching the children as outlined on *Virginia's SOL* grade-specific requirements. Please see attached.

Our one-hour guided tour will include interacting with our animals in their springtime habitats. They will visit and feed goats and parakeets and learn to gently handle chickens and eggs in the coop! Lessons will include but are not limited to comparing and contrasting farm animal characteristics, habitats, and life cycles.

Picnic tables are available for lunch/snack time here on the farm.

Reservations must be made in advance. Our Animal Adventure Field Trip is \$8 per child. There is *no charge* for Teachers or Bus Drivers.

Parents, chaperones, and siblings may also join your field trip for \$8 per person.

Visit huntclubfarm.com for more information.

Looking forward to seeing you on the farm.
